Teva’s Shared Solutions®
Benefits Discussion Guide

The Benefits Specialists at Teva’s Shared Solutions® are here to help you find affordable access to COPAXONE® (glatiramer acetate injection) therapy. Before calling, please have your health insurance card and pharmacy benefits card (if applicable) nearby, and note the following information:

- Your COPAXONE® dose if you are currently a patient (COPAXONE® 40 mg; COPAXONE® 20 mg)
- Name of prescribing physician
- Current healthcare plan information, including:
  - Plan name
  - Member ID
  - Group Number
  - RxBIN Number
- Type of healthcare plan (employer-provided, government, or private)
- Any recent changes in coverage
- Additional healthcare plan options
- Your preferred pharmacy

You may also wish to discuss household income, recent or upcoming changes in employment status, and the benefits of enrolling in COPAXONE Co-pay Solutions®.
